

Welcome to the Brickyard Bank Web Site

Brickyard Bank is excited to announce the launch of new mobile banking services with a wide variety of online and website products to assist our customers with obtaining information about our products and services.

Our banking products are designed to fit our customer's lifestyle. Whether it is a personal or business account, your banking needs are important to us. Please stop by one of our offices to receive the personalized quality service you deserve.

The world is relying on smart phones and similar technology to access up to the minute current financial information at anytime and from anywhere. Brickyard Bank realizes the importance of this technology and has researched and identified the best products for our customers. We now offer Mobile Banking, Mobile Check Capture, Electronic delivery of monthly statements, a new online bill payment product and the ability to obtain statement history.

Mobile banking is the ability to do many of your banking tasks on the go, using a mobile device such as a smart phone or tablet. Mobile Banking, so easy and so convenient, helps keep you in control of your finances. You can monitor your balances and always know where you are financially. These new products will provide 24/7 access to manage your accounts, make deposits through your smart phone, pay bills, transfer money, and even check balances at your convenience. With our secure online banking, you have access to your banking services, at anytime and anywhere.

With the introduction of the new products, we believe it was appropriate to redesign the Bank's website. The new website is user friendly and will serve as a thorough source of all the new and existing products and services Brickyard Bank offers our extraordinary customers. The website can be accessed at [brickyardbank.net](http://brickyardbank.net). Through automated technology, our goal is to make your normal banking virtually effortless. For those moments though when you prefer personal assistance, our Brickyard Bankers are always on hand to discuss the services and products that best suit your needs. On the phone or face to face, our service is unsurpassed.

Brickyard Bank is committed to serving our community and we take great pride in that commitment.

We hope you enjoy our web site. Please feel free to call or email us with any questions or thoughts on how we may improve our site. Thank you for visiting.

Sincerely,

Mimi Sallis  
President and CEO

Douglas Bertagna  
Senior Vice President - Operations
